Our Commitment to Design Excellence

We partner with trusted artisans and premium suppliers so every wall, surface and detail reflects lasting quality, not just an opening-day finish.

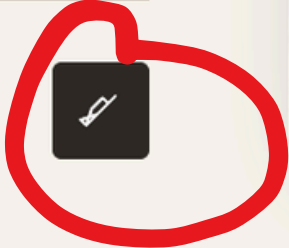

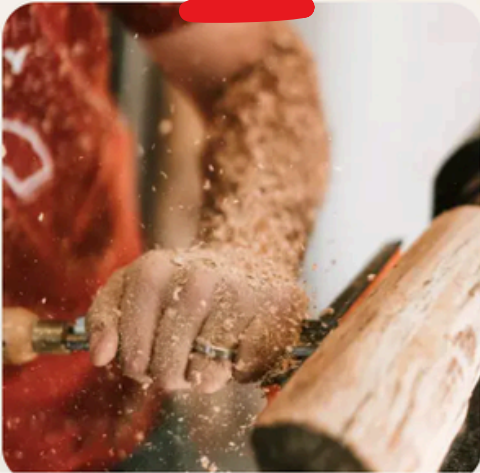

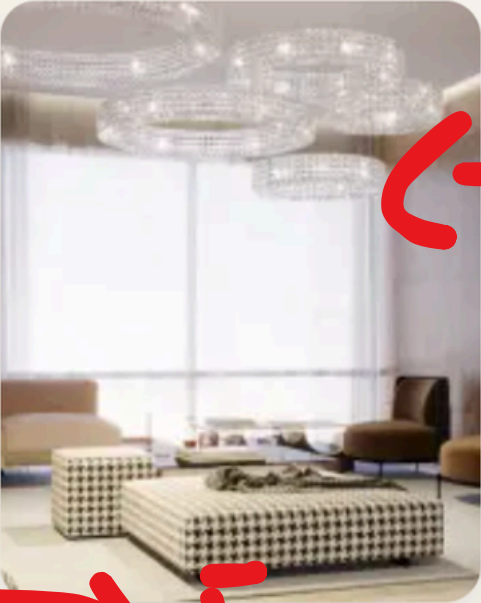

BESPOKE DESIGN, BUILT AROUND YOU

No templates, no cookie-cutter layouts, every concept is shaped around your lifestyle, taste and how you actually live in the space.

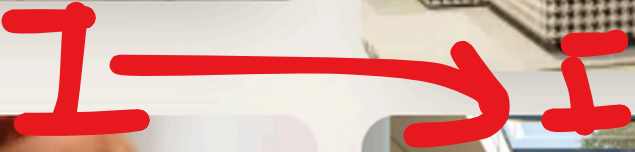

TIMELESS, NOT TRENDY

We design interiors that age gracefully, refined, elegant spaces that still feel right five and ten years from now.

OBSESSIVE ATTENTION TO DETAIL

keep the same distance everywhere

One coordinated journey, from first call to final walkthrough.

No juggling separate contractors, no gaps between design and delivery. One team carries your project through design, approvals, execution and furniture, start to finish, with full accountability at every step.

LISTEN & COLLABORATE

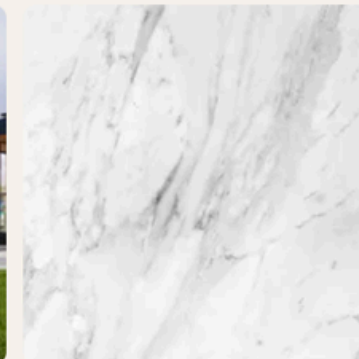

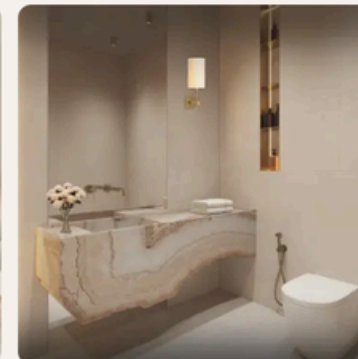

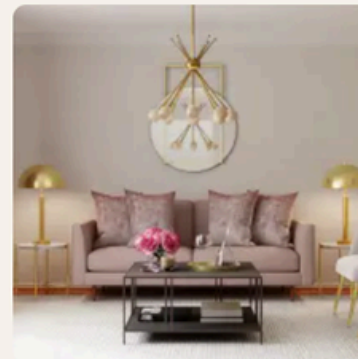

We shape the brief around your vision, with your input welcomed at every stage.

BUDGET & PLANNING

Every schedule, order and delivery is tracked so nothing stalls on site.
